Principal's Address

Dear Parents & Guardians,

This year is truly a special one for our nation as we celebrate Papua New Guinea's 50th Independence Jubilee. Fifty years of independence is a remarkable milestone—a time to reflect on our journey as a nation and look forward with hope and unity.

In the Bible, the concept of Jubilee comes from Leviticus 25, where it represents a time of freedom, restoration, and renewal. It was a season when debts were forgiven, captives were set free, and land was returned to its original owners—a time of great joy and new beginnings. For us as a country, our 50th Independence Jubilee is also a time to give thanks to God for His faithfulness, to seek His guidance for the future, and to teach our children about the importance of freedom, forgiveness, and responsibility as citizens and believers.

Our teachers have been sharing these lessons with students so they understand that Jubilee is not just a celebration of years passed, but a spiritual reminder of God's grace and His desire for restoration and unity.

God bless.

Mr. J. Olewale
Principal

WCCS Independence Celebrations

Over the past few weeks, our students have been learning about the history of Papua New Guinea and the importance of independence. This learning will come alive through a variety of activities where students will showcase their knowledge and creativity. Expect to see traditional dances, poetry recitals, drama, debates, and many more engaging presentations.

Our main school celebration will be held on Thursday, 11th September. However, since it will not be possible for all classes to present on that day, we have scheduled lead-up activities that began this week and will continue into next week. Parents are warmly invited to attend and be part of this important celebration.
